### Abstract

Panch pakshi is an exotic South Indian ( Tamil ) method of predicting the Vedic Astrology. The Pnach bhutas -five elements air, water, fire, ether and earth are present in all heavenly bodies and also in all living beings. The five elements are represented by five birds The five birds Crow, Peacock, Vulture, Cock and Owl are the representatives of different birth star signs. Using this method one can find the good or bad time according to his representative of sign bird .In this paper we try to investigate the birth star of different signs using PanchPakshi .The Pnach bhutas -five elements air, water, fire, ether and earth are present in all heavenly bodies and also in all living beings. The five elements are represented by five birds.

**Key words:** Panch Pakshi ,birds ,birth star signs

### Introduction

This divides time into five birds that is called "Panch Pakshi" - Panch this means five as well as Pakshi meaning 'birds'. The specific five birds assist you to find the right instant to start an important operation. The different names of pakshis or birds in Pancha Pakshi are owl, peacock, vulture, rooster as well as crow. Every bird is allotted 2 hours 24 minutes of time once every day and every night. These birds are said to be responsible for five duties namely: consuming or eating , sleeping, going for walks, ruling and also dieing.

**Eating** -This activity is nothing but renewal of body cells and thereby renewal of functions is thus affected.

**Walking** - To eat birds has to do earning. for earnings birds has to do the movements. The movements are the walking activity.

**Ruling** - The process of earning itself is the activity of ruling.

**Sleeping** - After eating , walking and ruling the system gets exhausted, resulting the need of sleeping. Relax process is the sleeping activity.,

**Dieing**- By repeated process of these activities the body in which soul resides, completely degenerates and reaches an extreme point when functioning of these activities is no more. The soul departs from the old body to take rest and enter into another new suitable body by way of reincarnation.

The panchpakshi is determined from your birth location, birth star and ascendant. Using Panchpakshi personality, Health, Lucky colour, Lucky Direction and your **auspicious deity can be find out.**

One of the five birds is assigned to every human being as the controlling power based on the Birthstar of the person and the Paksha of the Moon at the time of birth.

It helps in selection of auspicious time and also for answering queries .This is popular in Tamil Astrology.

It is also helpful for those who want to quicken the result of Mantrasadhna and preparing and administrating Ayurvedic Drugs to get amazing results .of the Moon at the time of Birth.

There are two Pakshas- ShuklaPaksha and KrishnaPaksha and 27 Nakshtras divided in 12 Moon Signs.

These Birds are powerful when they rule and least powerful when they die .To find your Birth PanchPakshi , you should know your BirthStar according to Vedic Astrology and Paksha

Characterisation of a person related to Panch Pakshi Shastra: The Five Birds Cock, Crow, Vulture, Owl and Peacock are the representatives of Panch Pakshi Shastra.

**Cock** -If the panch pakshi of a person is cock the personality of a person is serious in nature ,knowledge and intelligence reflects in all areas. Short tempered person which is not good for health, you have to think for others and not to show off.

Head and Neck are the two parts of the body that you have to take care. North is the Lucy direction for you., Lucky color is Green and Idol is lord Ganesha

**Crow** - If the Panch Pakshi of a person is crow then the person will have a strong desire of material pleasure in life and give birth to other desires after fulfilling one., hence it is advisable to limit your desires otherwise you will not be happy person. Person maintain calm and composure in life and goes ahead in life.

Health problems are related to food and eating habits also you have to take care of nose and private parts of the body. Lucky direction is North -West and Lucky color is Red and Idol is Sun.

**Vulture** - If the Panch pakshi of a person is vulture then the behavior of a person is childish, stubborn like a child , naughty but having good sense of humor. Person is not serious towards life, likes to travel hill stations and like sweets. Mental and storage capacity of a person is high. Good creative skills inclined towards music.

Health - Nerves and bones related problems also skin problems .Lucky direction is East , Lucky color is white and Lord Shiva is your God.

**Owl** -If the persons Panch pakshi is owl, his personality is confident and energetic, ambitious, hard working dedicated and short tempered that is to be controlled. Person gives helping hand to others but dreaming in a day. The quality of behavior is intelligent and knowledgeable and happiness in life.

Health problems are related to lower abdomen, mouth, inflection in blood. Lucky direction is South and Lucky color is Golden and God is Lord Vishnu.

**Peacock** - If the Panch Pakshi of a person is Peacock, you stick to your own decisions maintain balance in behavior and controls your anger but your confidence is low and gets emotional about past. You are calm in nature and don't get angry.

Health related problems are of heart thus don't take mental stress also you have to take care of hand, shoulders and private parts of the body. Lucky direction is midpoint of each direction and Lucky color is black and all idols of God you worship.

Thus this is in brief prediction of a person according to his Birth star- Panch Pakshi. Thus these Panch Pakshi plays a vital role in predicting the behavior of a person as well as health.

**Conclusion** -The Panchpakshi astrology is a Tamil Astrology used to find the auspicious time according to birth star of a person by taking into consideration five birds crow, peacock, cock, vulture, owl and their activities. This shastra is used to predict the personality, health, lucky direction, lucky color, auspicious deity of a person.
